

Revitalizing Erie's Economy: Taking Stock of Initiatives to Date

15th **ERIE** Conference: Wednesday, July 25

What is the status of efforts to revitalize the Erie economy? What initiatives to date hold the greatest promise of prosperity? What other avenues can we explore and what big challenges remain? What might our economy look like in the future? Join us in examining these issues at the Economic Research Institute of Erie's annual conference for community leaders and interested citizens.

Hear from local leaders who are articulating a vision and executing on plans for the region's renaissance and from an expert on strategies for revitalizing America's smaller legacy cities. Together, we'll explore the opportunities and challenges that lie ahead. Be part of the conversation about Erie's economic renewal.
